ABOUT ME

I am 29 years old, a self-taught, motivated programmer.
I study on platforms like Udemy, FrontEnd Masters,
And a lot of Google.

I am a creative and aesthetic person.
After drawing for many years, and more than a year of tattooing.
I am pursuing software development.

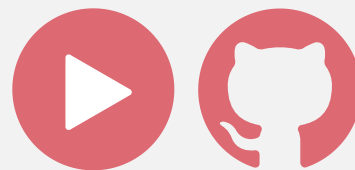

Excellent personal relationship skills,
Team worker, independent, quick learner,
And a highly detailed person.

PROJECT

Draw and Guess - Two players play against each other,
The first player draws a word, and the second player guesses it.

Stack - React JS, Redux Toolkit, Node JS, Express, Socket io,
Mongoose, MongoDB, and deployed with Heroku,

For playing - you will need to open two tabs on your browser.
